Each Save This Life Microchip Features:

- 134 kHz Universal ISO-Compliant
- Biothermal Glass with Anti-Migration Coating
- Laser-Beveled Needle for Maximum Sharpness
- Readable by All Universal Scanners
- Searchable in the AAHA Microchip Lookup Tool
- Lifetime Registration

Save This Life has patented a way to use a Google™ search to help you find your lost pet!

When someone finds a pet and performs a Google search of the microchip number, they can then privately contact the pet owner via text and email. The pet owner receives a GPS map of where the person who found their pet is located!

Available exclusively through Covetrus.
