

**Reformulated Revacan™ and S3 Soft Chews Now More Moist and More Palatable! See product update below for more details.**

## Revacan™ Soft Chews

Revacan™ Soft Chews contain UC-II®, astaxanthin, glucosamine HCl, MSM and creatine monohydrate, which support healthy joint function. The unique blend of ingredients in Revacan™ Soft Chews, including the patented UC-II®, helps maintain normal inflammatory and immune response in the joint.

Revacan™ Soft Chews also provide cartilage building blocks, antioxidants and muscle support to help maintain a healthy joint function.

SKU#	DESCRIPTION	UOM	PACK
056945	Revacan Mini Soft Chews for Dogs & Cats	120 Count	BOTTL
056947	Revacan Soft Chews for Dogs	60 Count	BOTTL
056946	Revacan Soft Chews for Dogs	120 Count	BOTTL

### SOFT CHEWS PRODUCT UPDATE

- Exact same ingredient formulation and flavinoids
- Softer, more consistent chews that can easily be cut in half
- Improved consistency of ingredients in each chew
- Improved packaging for S3 Soft Chews — hard plastic container with a screw on top, and a heat seal to ensure product stays fresher longer
- Palatability tests show equal and/or better than old chews

## S3 Soft Chews, Granules & Chewable Tablets

S3 formulas contain glucosamine HCl, MSM, creatine monohydrate, perna canaliculus and omega-3 fatty acids.

S3 Soft Chews, Granules & Chewable Tablets are recommended to support healthy joint function, and may help alleviate discomfort associated with normal daily exercise and activity.
