

Presenting the OC6200 Oxygen Concentrator Convertible.

Pureline[®]
by Supera Anesthesia Innovations

OC6200

Converts your existing anesthesia machine into a money-saving oxygen concentrator anesthesia machine.

Savings for you, safety for your patients.

Now get the money saving and safety benefits of an oxygen concentrator—without replacing your existing equipment.

Key Features

- Save money on tanks, refills, and delivery charges
- Save time on tank billing, scheduling, and management
- Extracts medical-grade oxygen (USP93%) from the air and delivers it on demand up to 5 lpm
- Energy efficient; average 12 cents/day to operate
- Built specifically for anesthesia machine use
- Oxygen purity and flow safety alarms
- FDA approved, UL tested
- Industry's best warranty
- Sturdy, space-saving construction
- Made in the USA by craftsmen using state of the art manufacturing equipment
- Virtually maintenance free

OC6200

NOTE: Anesthesia machine and vaporizer not included

Adapters available for: Matrx VMS[®], LEI Medical M1200, Shor-Line[®], Supera M1200, CDS2000, CDS9000. Additional machine adapters are being developed, please call if your machine model is not listed.
