

TANITA® THE STANDARD

KD-200 HIGH CAPACITY SCALES

These general purpose scales are intended for applications requiring a higher capacity and larger weighing platform. The KD-200 series scale has been designed for both durability and accuracy. This easy to carry scale is splash-proof and comes with a removable and washable stainless steel tray. Readable in lb/oz and grams, it provides fast, accurate results with precision even in high humidity environments. Features an LCD display and tare weighing function.
