

#1 VETERINARIAN RECOMMENDED* Ocu-GLO[®] Vision Supplement

WHY Ocu-GLO[®]?

The field and science of health supplements is advancing rapidly, and our doctors continue to be at the forefront, researching the most effective ingredients to support overall health.

The ingredients in **Ocu-GLO[®]** work synergistically to support ocular health and vision.

- Work at the cellular level to help maintain ocular health
- Supports a healthy immune system
- Combats oxidative stress
- Helps support normal vision of your aging pet

“Ocu-GLO[®] has become an integral part of our therapy plans and I believe has added to the improved ocular health of many patients” – Dr. R. Swinger, DVM, DACVO

AVAILABLE Ocu-GLO[®] PRODUCTS:

KEY INGREDIENTS:

Grape Seed Extract

is rich in antioxidants and proanthocyanidins which support the normal inflammatory response and are powerful free radical scavengers

Lutein

is a rich source of carotenoid antioxidants, necessary for protection of the retina and lens

Omega-3 Fatty Acids

including eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA), provides essential fatty acids that support retinal health and cannot be synthesized in the body

ANIMAL NECESSITY[®]

A NASC certified company dedicated to educating, researching, and developing unique, patented, specialty supplements for vision, such as the leading product on the market, **Ocu-GLO[®]**, as well as other specialty healthcare supplements for dogs, cats, and horses.
